Marszałkowska 94/98, 00-510 Warszawa, Polska**

Please register your interest in this unique event by contacting us
before **15 March 2019** at: info@e-tsc.eu

www.e-tsc.eu

DEA - Dissemination of Expertise and Achievement:

AIM

To create a readily accessible, active and sustainable network within and between EU countries, for clinicians treating individuals with Tuberous Sclerosis Complex.

This network will facilitate the sharing of best practice within a relevant clinical speciality as well as across disciplines when the need arises in this multi-system condition.

The project aims to establish a holistic approach to the treatment of TSC and promote multi-disciplinary working across the EU.

Hosting clinicians:

Prof. Sergiusz Jozwiak, Department of Neurology,
Medical University of Warsaw, Poland

Prof. Katarzyna Kotulska, The Children's Memorial Health Institute and Department of Child Neurology,
Warsaw, Poland

Visiting clinicians:

Prof. Anna Jansen: Paediatric Neurology Unit, Department of Paediatrics, UZ Brussels

Dr. J. Chris Kingswood: St. George's University Hospitals, NHS Foundation Trust, London, UK

The Family DEA Pit Stop is dedicated to informing the patient community: patients, parents, carers and any other members of the TSC community wishing to participate.
This part of the Pit Stop also offers face to face discussions with the doctors.

For queries or further information please email info@e-tsc.eu
